REISSUE APPLICATION DECLARATION BY THE INVENTOR	Docket Number (optional) 740756-1834
--	---

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 6,071,766, granted June 6, 2000, and for which a reissue patent is sought on the invention entitled METHOD FOR FABRICATING SEMICONDUCTOR THIN FILM

the specification of which

- is attached hereto.
 was filed on April 20, 2001 as reissue application number 09/838,216
 and was amended on _____
 (If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56. I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

- by reason of a defective specification or drawing.
 by reason of the patentee claiming more or less than he had the right to claim in the patent.
 by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Applicant's inadvertently included the feature of the silicon nitride as an etching stopper in the claims of the original patent. This feature is not necessary for patentability and narrows the claims below a scope which the inventors had a right to claim in the patent. This feature is not recited in the new independent claims of this reissue patent application.

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.

Docket Number (optional)
740756-1834

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant. As a named inventor, I hereby appoint the following attorney(s) and/or agent(s) to prosecute this application and transact all business in the United States Patent and Trademark Office connected therewith.
